resolution frames; storing the reduced resolution frames output by the down-sampler in a second frame buffer; motion compensating with reduced resolution motion vectors of the stored reduced resolution frames; and partially encoding the reduced resolution frames to produce a reduced resolution compressed bitstream of the video, as the applicant has claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
